TARGET PERSONA

College students who regularly dine at campus cafés and prioritize affordable, convenient meals that do not compromise on quality or brand integrity.

VALUE PROPOSITION

General Mills will collaborate with campus cafés to offer a rotating menu of discounted combo meals that pair popular café staples with exclusive General Mills snacks. Designed around peak meal periods, these combos provide ongoing novelty and appeal, encouraging repeat visits. Menu and inventory integration will be streamlined to maintain operational efficiency and protect profit margins. This initiative delivers high-value, affordable meal choices tailored to students' preferences for convenience and quality, ensuring the reputation of General Mills products remains strong while meeting the practical needs of college diners.

BUSINESS IMPACT

The program is expected to drive increased student foot traffic and higher transaction frequency at participating cafés, boost incremental sales of General Mills snacks, and strengthen brand loyalty among college students—all while safeguarding margin integrity through managed, rotating offers.
